

# ORDER OF MALTA INTERNATIONAL CAMP EEBA, 2023 Waterloo

18/08/23

# DAILY NEWS

Time has flown, and today marks our final day at camp, kicking off with the traditional Christophe's Cup!

Join us in anticipating the revamped **Christopher's Cup 2.0(23)**. This year, we're introducing a unique blend: cuistax\*-combined with elements of croquet and polo!

After a brief siesta, our day continues with the animated "**Breughelian Pandemonium**" — a "**kermesse**" (fair) bursting with fun, and showcasing also old wooden games.

Don't miss the fascinating stilt performances at 2:30 pm or 3:30 pm by the **Royal Stilt Walkers of Merchtem**.

Not sure when you last enjoyed a bounce in a castle? Well, today could be the day! And if you're up for more bouncing excitement, give our bumper cars or mechanical bull a whirl. To keep our energy levels high, the Belgian team will serve up delicious waffles! Moreover, tasty fries will be provided (that in Belgium are always double fried!).

During our **closing mass**, we will express our gratitude to God for an unforgettable week and entrust to Him the beautiful friendships that have blossomed over the past days.

And as a fitting end to our week, we'll dance the night away at another exhilarating disco session!

On page 7, you'll find a riddle that hints at which national team will be hosting us next year...! 🥁

\* "**Cuistax**" is a Belgian term for pedal-powered go-karts commonly found at beach resorts. In English, they're often referred to as "pedal go-karts" or "pedal carts." They're popular along the Belgian coast for leisurely family outings, allowing participants to pedal along promenades and other pedestrian zones.

# DID YOU...

... ENJOY the Silent Night and are you looking for more moments like this? 😊

Did you actually know that we have **four chapels** at the Malta camp?

One chapel is located in the right wing of the castle. The other three are on the floor above the disco (on the same level as the side entrance to the gym building).

... KNOW that our 12 camp priests yesterday also had a "team priest" activity?

They spent the day in the beautiful city of **Ghent**, which, in the Late Middle Ages, became one of the largest and richest cities of northern Europe.

Here are some impressions and picture greetings from our dear camp priests!

Today, we want to give a special THANKS to

the Logistics team

Christophe, Godefroy, Gauthier,  
Geoffroy

the Activities team

YOU'RE AWESOME!!
